NOTE:

Even if the above minimum HW requirements have been validated, we recommend a PC with an Intel Core i5 processor 2.7GHz or higher, 8GB RAM or higher.

NOTE:

Your mBCA device will be connected to the PC with a LAN cable. You need a free LAN port on your PC. If you don't have a free LAN port, or your PC doesn't have a LAN port, you'll need to use a USB-LAN adapter. This is not included in the scope of delivery and should be procured separately.

NOTE:

The seca 115 analytics 115 software is not compatible with seca 101 EMR flash or seca 103 software installation on the same PC/server
