

# Product Discontinuation Notification

seca connect 103 v3.1, v3.3

Date: 2026-03-17

PDN Number: 2026001

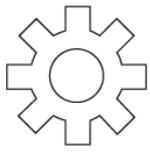

Revision: 001

# Introduction

This discontinuation notice informs that seca is discontinuing certain versions of a software product. All affected version numbers are listed in this document.

The intention of this notification is to inform our customers and partners, so that they have the opportunity to take the necessary actions. Should you have any further questions regarding this version discontinuation, we are happy to assist you in order to minimize the impact on your business.

# Affected parts, versions and products

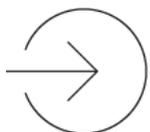

The following versions of the integration solution software seca connect 103 are affected

Product / software	Version
seca connect 103	3.1
seca connect 103	3.3

Along with that, the appropriate firmware versions of the interface module, scales and measuring devices are affected

Product / software	Version
452 / 333i / 336i / 797 / 65x	1.7.3

If you need help in figuring out the soft- and firmware versions of your installed base, please have a look into the appropriate manual or contact our service

## Successor

The seca connect 103 v3.1 and v3.3 are succeeded by seca connect v3.5. seca strongly recommends updating to the most current version.

Product / software	Discontinued version	Successor version
seca connect 103	3.1/3.3	3.5

Please have a look into the appropriate manuals for further information on upgrading. Seca also offers services to help you updating your existing installation. Please contact your sales representative.

# Timeline

## Last time installation date

The last time installation date is the point in time where the last installation of a software or firmware product is carried out by seca. After this point the successor version or product will be used.

## End of maintenance

Any maintenance or repair of the hardware or software product will not be performed anymore after this date.

Maintenance includes, but is not limited to the following actions:

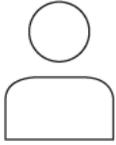

- Implementation of new features and functions
- Fixing of errors ("bugs") in the software or firmware

## End of support

The end of support date is the date at which all support activities of the product are no longer available. This includes, but is not limited to the following actions:

- immediate support to the partner or customer for technical issues in the field
- support including technical assistance for existing or new installations

Discontinuation	Date
Last time installation date	Already passed. Always, only the newest version is installed
End of maintenance	2025-12-31
End of support	2026-06-30
